About **BAKERITE**

Established in 1989, **BAKERITE** is now a leading supplier to the industrial bakeware market and has grown its offering to include customised display stands and trolley products.

Based in Durban, with a distribution footprint that stretches into Africa and beyond, we specialise in custom-made industrial baking equipment for the food, retail, wholesale, hospitality and related industries.

The sole manufacturer of the **BAKERITE** steel floor tile, which was originally designed to protect bakery floors from excessive wear caused by trolley wheels. We work closely with our clients to provide them with the long-lasting, practical and cost-efficient solutions they're looking for. In fact, with our streamlined, one-stop service, as well as our high volume production capabilities, we're equipped to meet any requirements from concept through to final product.

A level 2 B-BBEE company.

Why choose **BAKERITE**?

- More than 29 years of excellence
- Specialist metal fabricator of a wide range of products
- High volume production capabilities
- Wide range of standard and customised industrial bakeware
- One-stop service from concept to product delivery
- High volume production and quick turnaround times
- Manufacturer of the original **BAKERITE** steel floor tile
